STILL HOPE OF EXHIBIT

Business Men Will
Discuss the
Fair.

Do Not Want Hawaii
Shown As Home
of the Hula.

Joint Meeting of Four Different
Organizations to Discuss
the Plans.

A joint meeting of the Chamber of Commerce, Merchants' Association, the Hawaii Promotion Committee and the Exposition Association will be held this afternoon at two o'clock to consider the representation of Hawaii at the St. Louis Exposition. Since World's Fair Commissioner Macfarlane has learned from Governor Carter that no money would be available for an exhibit, he has been trying to interest the business men of the city in raising funds by subscription in order that Hawaii may not be the only Territory unrepresented at the exposition or represented only by a hula show.

The meeting this afternoon will be held at Castle & Cooke hall and it is expected that there will be a large and representative attendance. The business community is almost a unit in the opinion that Hawaii should be represented at St. Louis and the only difference is as to the method by which this result can be obtained. Some of the members of the various organizations think that the government should go ahead with the expenditure of the \$30,000 appropriated by the Legislature, and although recognizing the sad financial straits of the Territory, contend that some other local expense could better be lopped off than the one for the fair. There are some also who feel that an exhibit should be made even though private firms and corporations be compelled to draw upon their own resources for the payment of expenses. The exhibit which had been decided upon is almost completed, and the money already spent, which amounts to some thousands of dollars, will be wasted if no exhibit is made. The fish exhibit, the agricultural products and the educational exhibit have already been prepared for shipment, and the relief map of Pearl Harbor is just about completed. The collection of Hawaiian woods is also already in Honolulu, and they could be cut and polished at comparatively small additional expense. The plantation model and some minor details of the exhibit have not been prepared, but even if these are eliminated, Hawaii could make a creditable showing with the products already collected. The Territory also has on hand about 15,000 copies of the handbook of Hawaii, which were purchased for the express purpose of distribution at the St. Louis fair. A goodly portion of the \$30,000 appropriation has already been expended in getting together the present exhibit, which is almost valueless if not forwarded to the exposition.

At the meeting to be held this afternoon Mr. Funston, who is now here, and who is an officer of the exposition, will make an address, pointing out the necessity for Hawaii to make a proper exhibit. F. W. Macfarlane and Governor Carter will also talk and there will be a general discussion of the situation.

The time before the opening of the exposition is so short now that all idea of getting a separate building will very likely have to be abandoned. It is still possible to get space in some of the larger buildings.

USED BROOMSTICK ON HIS WIFE

Ying Kyau Yap Ngee has sued her husband, Yap Ngee, for divorce because he used a broomstick upon her. The libellant in her petition alleges that she was married at Kohala in 1891, and that there are three children as issue of said marriage. Besides alleging neglect and failure to support Mrs. Yap Ngee says "that on the 28th and 29th days of June, 1903, said libellee did strike and beat with his fists, and did hit with a broomstick and otherwise maltreat this libellant, and that said libellee did use harsh, profane and abusive language to said libellant, all of which occurred on the said Island of Oahu."

"That said libellee has on numerous occasions since said marriage, beat, bruised and wounded said libellant and treated her in an extremely cruel and inhuman manner."

The complainant asks for the custody of the children and for permanent alimony.

Crying for Help

Lots of it in Honolulu But
Daily Growing
Less.

Backache is one of the first indications of kidney trouble.

It is the kidneys' first cry for help. Heed it.

Doan's Backache Kidney Pills are what is wanted.

Are just what overworked kidneys need.

They strengthen and invigorate the kidney; help them to do their work; never fail to cure any case of kidney disease.

Read the proof from a Honolulu citizen.

Mr. Charles Comey, of Cyclomere street, this city, one of the many persons who have tried Doan's Backache Kidney Pills with great advantage, relates his experience thus: "I have been a hack driver for a number of years past and this is an occupation in which, through exposure to weather and much jumping up and down from the vehicle, one is particularly liable to kidney complaint. I suffered myself from a lame back for a long while, and in my anxiety to get rid of it tried several things which did not reach the root of my trouble. An advertisement acquainted me with what grand work Doan's Backache Kidney Pills were doing, and I got some of them at the Hollister Drug Co.'s store. I used them and with very much profit, for they relieved my back wonderfully."

Doan's Backache Kidney Pills are for sale by all dealers or sent by mail on receipt of price, 50 cents per box, by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.

Remember the name Doan's and take no other.

HIGH PRICES FOR INTERVIEWS.

Many men charge high to be interviewed. Sir Charles Villiers Stanford, professor of music at Cambridge university, said it required a fee of \$1,000 to get him to "open up." W. G. Grace, the cricketer, demands \$500 for an interview, and the rates set by W. S. Gilbert and Sir Robert Ball, the astronomer, are nearly as high.
